Flea Market Flowers Sew Along Guide

FINISHED QUILT SIZE 76" x 86"

WOF = Width of Fabric, LOF = Length of Fabric

This guide requires a basic knowledge of quilting technique and terminology. The quilt and block diagrams portrayed are virtual images. The layout and look of your project may differ when using actual fabric.

The guide is intended to be used in conjunction with Lori Holt's Flea Market Flowers Sew Along. Join Lori on her blog every Monday starting January 25, 2021 at beeinmybonnetco.blogspot.com for weekly instructions. Don't forget to watch for her Bee prepared blog post on January 4, 2021.

*Fabric requirements are subject to change.

Lori suggests waiting until the sew along begins to cut the pie slices (see note on page 6).

*NOTE: All appliqué block backgrounds are cut a little larger than unfinished size to allow for trimming up.

The appliqué portions of the quilt are made using Lori's applique method. The link below to Week 1 video of her previous Prim Sew Along on Lori's YouTube Channel shows her appliqué technique.

Note from Lori on Cutting Pie Slices

I usually recommend that you cut all your fabric before the sew along starts but for this one I would recommend that you only cut all of the leaves and strips for the stems and wait on the rest.

I just don't want you to be confused when cutting the slices for each flower because there are so many different sizes.

I will guide you each week on how to cut those for each particular block tutorial.

It shows in the guide how to do it, and they are actually super easy to cut once you understand what I mean, so I would prefer to show you for at least the first few weeks.

Pie Ruler Cutting Guide

Use when cutting Pie Slices for Flower Blocks

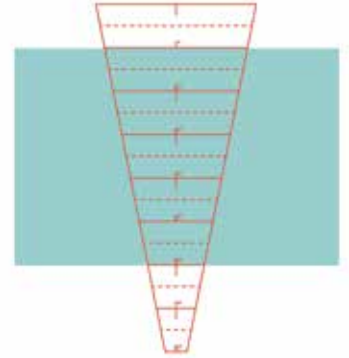

Lori suggests waiting until the sew along begins to cut the pie slices (see note on page 6).

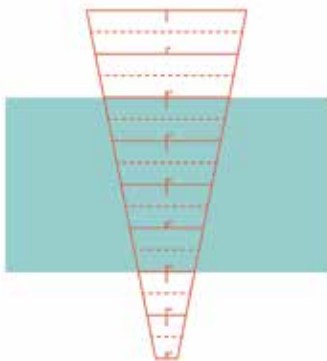

It is important to cut the pie slices for all sizes by alternating the direction of the ruler (as shown above).

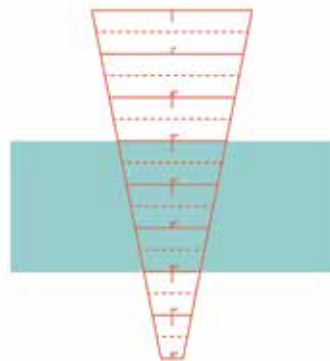

15½" Finished Flower
Cut strips 6" x 21". Place top of ruler on one edge of fabric and 6" line on the other edge of fabric. One 6" strip should yield 7 slices. Alternate the direction of the ruler for each cut.

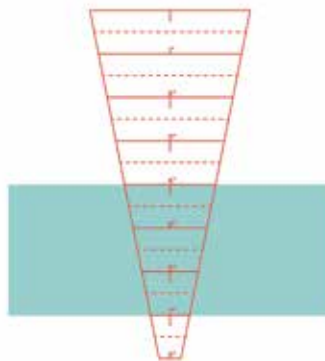

13½" Finished Flower
Cut strips 5" x 21". Place the 1" line on one edge of fabric and 6" line on the other edge of fabric. One 5" strip should yield 8 slices. Alternate the direction of the ruler for each cut.

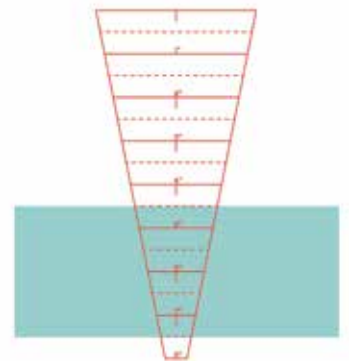

11½" Finished Flower
Cut strips 4" x 21". Place the 2" line on one edge of fabric and 6" line on the other edge of fabric. One 4" strip should yield 9 slices. Alternate the direction of the ruler for each cut.

9½" Finished Flower
Cut strips 3" x 21". Place the 3" line on one edge of fabric and 6" line on the other edge of fabric. One 3" strip should yield 10 slices. Alternate the direction of the ruler for each cut.

7½" Finished Flower
Cut strips 3" x 21". Place the 4" line on one edge of fabric and 7" line on the other edge of fabric. One 3" strip should yield 13 slices. Alternate the direction of the ruler for each cut.

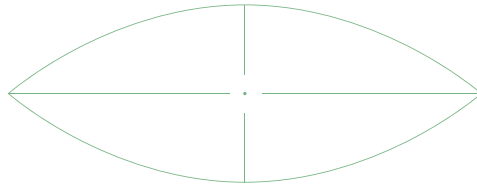

6½" Finished Flower
Cut strips 3" x 21". Place the 4½" line on one edge of fabric and 7½" line on the other edge of fabric. One 3" strip should yield 15 slices. Alternate the direction of the ruler for each cut.
